

# never gate !

This strange adventure starts like a slap in the face, with a cosmic flight inside a portable pink toilet cubicle, taking off in a Mexican dump and landing in a Victorian Villa in Switzerland. The residents of this Villa (that looks like some kind of asylum) are receiving telepathic instructions through « ear worms » -tracks mostly composed by the guest musicians- as they start preparing strange performances and visiting the Villa in which some doors are opening on rather psychedelic dimensions -some kind of « gates »- leading to other levels of modified consciousness.

This rather peculiar trip will be spoken in a specific Eurotrash « broken english» and will most certainly be strongly infused into spirals of lysergic fantasy.

We will meet the totally furious Silverio (El Iluminado), the impressive Lydia Lunch (aka the Queen of all Bees), and DJ Marcelle hosting a pirate radio, Gianni Motti as the telepathic leader, Jean-Luc Verna and Jean-Louis Costes crossing the magic gate, Khan of Finland (aka The Acid King) as the party's host, Poulpo aka LPLPO as a microscopic creature playing synths while Vidya Gastaldon will lead a yoga lesson for elders as a flying teacher, The Wild Panthers, The Young Gods as scientific geeks, Nathanael Esh wrapping madly each object he can find, Noise Populi cutting vinyl plate propaganda to distribute under the table, The Monsters and their singing food delivery truck, Abraham Poincheval trapped in a synthetic stone and a few other colorful passengers of this extravagant ride, having nothing to envy to a birthday party hosted by Lewis Carroll's Mad Hatter.

During the shooting of the film, Chris Korda's giant banner will be stretched on the Villa and will then be visible for a short period of time in real life.

The artists and artworks previously programmed at the event GET A NERVE have now become the movie's central characters.

Artworks by : KLAT, Chris Korda; Abraham Poincheval; Christian Robert Tissot; TMF; Olivier Mosset, Sandrine Pelletier, Gianni Motti ; Pricasso; and all the artists at the table performance.

This short film will be released in 2022 and tour the festivals worldwide.

Secret parties starring the artists will be held in parallel to festivals and fresh news will be posted on: [Instagram.com/never\\_gate\\_the\\_movie](https://www.instagram.com/never_gate_the_movie) for those who care.

NEVER GATE is an anagram of ARTGENEVE and an anagram of NEVER GATE.

The actual logo appearing here is created with the same design as the Artgeneve Logo (but messed up).

The movie has been shot during the pandemic period, in replacement to the alternative art fair "GET A NERVE". The artists originally invited to "GET A NERVE" have now become the movie central characters.
